## 1 Introduction

- 1.2 Subject to Article 3 of the EU Roaming Regulation, the Parties wish to enter into this unilateral Agreement for International Roaming for the temporary provision of Services by **TMCZ** in order to enable Roaming Customers of **<B>** to gain access to mobile telecommunications services in the geographic areas where **TMCZ** operates a PMN.
- 1.3 The Annexes, including the Overview of the Annex Structure, constitute an integral part of the Agreement. In case of discrepancy between different parts of the Agreement the following order of interpretation shall be applied:
  - 1.3.1 The main body of this Agreement and

The Parties acknowledge that the International Wholesale Roaming Access as provided to **<B>** under this Agreement is solely intended to enable Roaming Customers of **<B>** to use mobile communication services while temporarily travelling in **TMCZ**'s licensed area. The International Roaming Access as set forth under this Agreement is not intended to substitute domestic wholesale or retail offerings for the provision of domestic services on **TMCZ**'s network. It is further not intended to provide services to Customers of **<B>** that are not resident in or do not have stable links within the meaning of Art. 2 para. 2 lit a) Regulation (EU) 2016/2286 to a Member State of the European Union. In particular this Agreement is not intended to provide non-EU/EEA roaming customers with roaming services.
- 1.7 Any use of International Roaming for purposes other than provision of Regulated Roaming Services to **<B>**'s Roaming Customers while they are periodically travelling as described in 1.6 - such as but not limited to permanent or predominant and/or anomalous or abusive usage in **TMCZ**'s home country - is not part of this Agreement. This Agreement has provisions to prevent permanent roaming or anomalous or abusive use of the International Roaming Service.

Any reselling of the services provided under this wholesale roaming access shall be allowed only subject to prior written approval by **TMCZ**.

**<B>** shall ensure that the Services are only used to provide Regulated Roaming Services to Roaming Customers of **<B>** e.g. by implementing a suitable solution or mechanism.

## Direct Wholesale Roaming Access Agreement

During the term of this Agreement **TMCZ** may at any time conduct audits in order to confirm that **<B>** has implemented a suitable mechanism that ensures that the Services are only used to provide Regulated Roaming Services to Roaming Customers by determining that each of **<B>**'s customers is either resident in or has established a stable link within the meaning of Art. 2 para. 2 lit a) Regulation (EU) 2016/2286 in a geographical area of a Member State of the European Union.

In case the findings of the audit do not confirm the existence of a suitable mechanism as described above, (i) Article 19.1.2 applies accordingly and (ii) **<B>** shall bear the cost of the audit.

- 1.8 The Parties acknowledge that the Clauses 1.6 and 1.7 are material to the Agreement. Any breach of these Clauses shall be deemed to constitute negligence under Clause 14 – Liability of the Parties, and accordingly the non-defaulting Party reserves the right to claim damages as set out in that Clause. - 17.1 Non-performance of either Party's obligations pursuant to the Agreement or delay in performing same (except with respect to the payment of charges applicable hereunder) shall not constitute a breach of the Agreement if, and for as long as, it is due to a force majeure event, including, but not being limited to, governmental action, or the imposition or administration of any applicable and mandatory Export Control Laws and/or Sanctions (as defined in Article 21.8 below), or requirement of regulatory authority, lockouts, strikes, shortage of transportation, war, rebellion or other military action, fire, flood, natural catastrophes, or any other unforeseeable obstacles that a Party is not able to overcome with reasonable efforts, or non-performance of obligations by a sub-contractor to a Party pursuant to any of the aforementioned reasons. The Party prevented from fulfilling its obligations shall on becoming aware of such event inform the other Party in writing of such force majeure event as soon as possible. If the force majeure event continues for more than six (6) months, either Party shall have the right to terminate the Agreement with immediate effect by written notice. This right of termination is without limitation to the right of a Party to immediately terminate this Agreement in the event the other Party does not comply with Article 21.8 (Export Control Law and Sanctions compliance). The terminating Party will duly inform the other Party of the applicable sanction.
- 17.2 If the affected Party fails to inform the other Party of the occurrence of a force majeure event as set forth in Article 17.1 above, then such Party thereafter shall not be entitled to refer such events to force majeure as a reason for non-fulfilment. This obligation does not apply if the force majeure event is known by both Parties or the affected Party is unable to inform the other Party due to the force majeure event.

## Direct Wholesale Roaming Access Agreement

- 19.1.3 by one of the Parties, with immediate effect, if the other Party becomes bankrupt or insolvent or if that other Party enters into any composition or arrangement with its creditors and that other Party is not able to ensure performance of its obligations under the Agreement by a guarantee from a first class bank, payable on first written demand;
- 19.1.4 by written notice of either Party to the other in the event that IR becomes technically or commercially impracticable on **TMCZ's** Public Mobile Network and the provisions set out in Article 15 are not sufficient to solve the problem or if an unacceptable level of unauthorized use occurs and the other Party is not capable of remedying such unauthorized use within sixty (60) days of receipt of a written notice to such effect; or
- 19.1.5 subject to Article 21.1 immediately in the event a final order by the relevant governmental authority revoking or denying renewal of the license(s) or permission to operate a Public Mobile Network(s) granted to either Party, or any other license necessary to operate the Service(s), takes effect.
- 19.2 In the event of termination on the grounds of a breach of the Agreement under the Article 19.1.2, the Party in breach shall, notwithstanding Article 14.2, be liable to the other Party (in addition to charges properly due and payable to **TMCZ**) for proven direct damage or loss (excluding indirect or consequential damage or loss) arising as a consequence of such breach up to a maximum aggregate liability of two hundred and fifty thousand (250,000) SDR, provided, however, that such limitation of liability shall not apply if a damage or loss is caused by a Party's wilful misconduct or gross negligence or through breach of a guarantee given under this Agreement.

This home Customer Care Services will provide the first point of contact but may refer the Roaming Customer to **TMCZ**'s Customer Care Services if appropriate.

The Roaming Customer is free to contact **TMCZ**'s Customer Care Services directly. However, the primary responsibility for customer care remains with <B>.

Each Party will ensure that there is, at least during office hours, an English speaking operator on duty, to whom a Roaming Customer can be referred.

Customer care contact numbers are defined in Annex 8

### Roaming Information

Changes in Emergency Service, Customer Service, Directory Enquiry numbers, and Tariffs shall be exchanged in accordance with the provisions of the Agreement.

<B> shall inform its own Roaming Customers about roaming in **TMCZ**'s Public Mobile Network.

### Public Mobile Network Faults

In the event of a perceived Public Mobile Network fault a Roaming Customer should contact the home Customer Care Services while roaming in the Public Mobile Network of **TMCZ**. The home Customer Care Services will provide the first point of contact but may refer the Roaming Customer to **TMCZ**'s Customer Care Services if appropriate.

In the event that the Customer Care Services of one Party has a query concerning potential faults of the other Party's Public Mobile Network, then the Customer Care Services shall contact the contact point defined below.

In addition, it may be necessary that technical experts of one Party get into direct contact with the other Party's technical experts (e.g. to establish trouble shooting). In such cases additional contact points shall be provided. These contact points are defined in Annex 8.

Frequently arising faults in the Public Mobile Network or Services of **TMCZ** experienced by Roaming Customers and indicated to <B> shall be reported to the other Party's contact point.

### Lost/Stolen SIM and/or USIM-Cards

## ANNEX 5 TECHNICAL ASPECTS

Technical aspects concerning both the pre-commercial and commercial phases of International Roaming are dealt with in the Annexes to follow.

### ANNEX 5.1 TESTING

#### Certification of testing

**TMCZ** shall send Completion Certificates confirming the successful execution of IREG & TADIG tests which includes testing of the TAP procedures according to the Test Specifications of GSM Association Permanent Reference Documents.

#### Testing of Service availability

**TMCZ** agrees to perform relevant tests of service availability, according to the IREG and TADIG Test Specifications, every time a major change which has an impact on International.

#### Testing SIM and/or USIM-Cards

##### General

**<B>** will make the bilaterally agreed number of test SIM and/or USIM-cards available to **TMCZ** under the following conditions:

- Send test SIM and/or USIM-card(s) as agreed bilaterally in a written notice without any activation fee or any subscription fee. **<B>** will be treated as a Roaming Customer of the **TMCZ**.
- All necessary information concerning the SIM and/or USIM-card(s), i.e. IMSI, MSISDN, PIN, PUK, shall be forwarded to **TMCZ** as well.
- The SIM and/or USIM-card(s) remain in the property of the **TMCZ**.
- The test SIM and/or USIM-card(s) shall only be used in **TMCZ**'s Public Mobile Network for the purpose of testing of International Roaming functions.
- TAP-data for traffic generated by these test SIM and/or USIM-card(s) shall be included in the normal billing and accounting procedures and thereby also invoiced by **TMCZ**.

None of the above shall be construed to allow reselling the SIM and/or USIM-card(s) or in any other way forward the SIM and/or USIM-card on conditions that could be negative for **TMCZ**.

#### Tests before the commercial start of roaming services (pre-commercial roaming phase)

As a general principle, it is agreed that **TMCZ** using test-SIM and/or USIM-card(s) will not receive a payable bill from the issuing **<B>** for the test traffic generated made in the Public Mobile Network under test. TAP-data and bills will only be sent for test purposes.

Unless otherwise agreed, it is the sole responsibility of **TMCZ** to block Roaming Customers of **<B>** during the pre-commercial phase and in no case the **<B>** has to bear the costs incurred by its customers roaming in **TMCZ**'s Public Mobile Network.

#### Tests during the commercial roaming phase

As a general principle it is agreed that during the commercial roaming phase the usage of these SIM and/or USIM-card(s) is fully chargeable for traffic charges. The **<B>** shall therefore have the right to send a (single) bill to **TMCZ** for the traffic generated by the exchanged SIM and/or USIM-card(s), however, only if the amount exceeds the bilaterally agreed non chargeable value. The amount charged is only the amount exceeding the non chargeable value calculated on a monthly basis. The non chargeable monthly value for the total of test SIMs is **50 EUR**.

The tariff used will be the wholesale tariff of **TMCZ**. The payment shall be done according to the provisions set out in Annex 3.2.

**Traffic generated outside TMCZ during pre-commercial or commercial roaming phase**

All costs occurring for traffic generated with test SIM and/or USIM cards issued to **TMCZ** outside **TMCZ**'s network will be charged by the **<B>**.

The tariff used will be the **<B>** retail tariff. The **<B>** will attach an itemised bill to the invoice for control purposes. The payment shall be done according to the provisions set out in Annex 3.2.

Using best endeavours, the **<B>** will inform **TMCZ** and bar the test SIM and/or USIM card(s) being used outside **TMCZ**'s Network.

**TMCZ** is fully liable for all traffic costs as detailed above, damages and costs (as limited by this agreement) incurred by misuse of test SIM and/or USIM cards outside **TMCZ** for the first 180 calendar days or until it is informed by the **<B>**, whichever is the smaller:

**Lost or stolen test SIM and/or USIM cards**

In the event that **TMCZ** determines it is no longer in possession of the **<B>** Test SIM and/or USIM cards, **TMCZ** must immediately notify the **<B>** in written form and request that the missing card(s) be deactivated. Once sufficient notification has been delivered to the **<B>**, the liability of **TMCZ** ceases for all further usage on the missing cards(s) which occurs beyond the date of notification. However, the burden is on **TMCZ** to provide sufficient proof that adequate notification was given to the **<B>**.

**ANNEX 5.2 SECURITY**

Security functions of the individual Parties are specified in here and any other PRD documents.

**Authentication**

The Parties agree to implement Customer Identity Authentication for Roamers on their network. The purpose and mechanism for authentication are described in 3GPP TS 42.009, 3GPP TS 43.020 and in GSMA PRD SG.15.

The Parties agree that authentication shall be performed as specified below:

For Roaming Customers (at the commencement of GSM service or 3G service or 4G Service) at every occasion of:

- Network access using IMSI
- Location updating involving VLR change - each of the 5th event for **TMCZ**
- Network access for at least 1 in 5 mobile originated and terminated call set-ups (incl. SMS) for **TMCZ**.
- Supplementary service operation outside call - each of the 5th event for **TMCZ**
- Cipher key sequence number mismatch

If packet services are supported, authentication is also to be performed at every occasion of:

- Network attach
- Routing/tracking area updating involving S-GW/SGSN and MME change
- PDP context activation/EPS bearer activation
- P-TMSI (P- Temporary IMSI)/GUTI signature mismatch, if P-TMSI signature is used (where applicable)
- P-TMSI signature not inserted in a Attach Request or Routing Area Update Request

Security data sets (triplets, quintuplets etc.) provided by the HPMN to the VPMN to authenticate its roaming customers shall be used only once by the VPMN. If the VPMN has used all security data sets and it is not possible to get new ones from the HPMN, then the Parties agree that calls are not permitted and that the HPMN will not receive any charges related to those calls which were not permitted.

#### **Authentication during a malfunction of the network**

The Parties agree that if a mobile station (MS) is registered and has been successfully authenticated, whether active or not active on a call, calls are permitted (including continuation and handover) and the <B> will receive the charge.

If an MS attempts to register or re-register and cannot be successfully authenticated due to the network malfunction, calls are not permitted.

If an MS has already been registered on the network, and has already been authenticated, and cannot be successfully re-authenticated due to network malfunction (e.g. the <B> was not able to provide authentication pairs RAND, SRES), the Parties agree that calls are not permitted and that the <B> will not receive any charges.

### **ANNEX 5.3 INFORMATION ON SIGNALLING INTERCONNECTION AND/OR IP CONNECTIVITY**

The implementation of the Signalling Protocols and/or Inter-PLMN backbone (as defined in NG PRDs) shall be in accordance with the Technical Specifications and relevant GSM Association Permanent Reference Documents with the exception of Public Mobile Network specific deviations and/or chosen options agreed by both Parties during the testing phase.

The technical information relevant for International Roaming shall be exchanged between the Parties as part of IREG testing procedures and NG PRDs.

Each Party agrees to adhere to the processes set out in PRD IR.21, Article 4: Procedures for Updating the Database, when making changes in the numbering and addressing information with an impact on International Roaming.

## **ANNEX 6 FRAUD PREVENTION PROCEDURES**

The Parties shall implement fraud prevention procedures as specified by the GSM Association within Binding PRD BA.20.
